To Whom It May Concern:

England has been formally associated with Andy Ahern and his colleagues for approximately the past three years primarily in the area of acquisitions. During that period, we have experienced a professionalism that is refreshing. Andy offers in-depth expertise as well as industry knowledge born from extensive experience, a combination which adds material value well beyond a normal business relationship. We anticipate a long-term, mutually beneficial association.

Very truly yours,

Keith C. Wallace, Jr.
Senior Vice President
Chief Financial Officer
C.R. England, Inc.
