Testimonial and Reference

Dear Andy:

It is my pleasure to write this reference and testimonial letter for Ahern Associates.

I have worked with you and your group beginning in 2004 while I was VP of Business Development with U.S. Xpress Enterprises, and continuing today as EVP & CFO for Total Transportation Services LLC.

My goal during this period has been to aggressively expand the transportation business model through add-on acquisitions and contracting broker/carrier agents. Thanks to your help, U.S. Xpress Enterprises was able to add \$85 million of revenue during 2004 and 2005, and Total Transportation Services LLC added \$70 million during 2008 and the start of 2009.

You and your staff's knowledge base and contacts in the transportation industry are a valuable resource to both buyers and sellers. Your company continuously demonstrates a commitment to serving your customers with high quality service. Above all, your frankness concerning any deal, at the risk of losing a transaction, is extremely appreciated. This direct and honest approach only strengthens our commitment to grow our relationship as you continually demonstrate a willingness to only match companies who support the goals and interests of all parties.

We look forward to growing our relationship with Ahern Associates. Feel free to have any potential clients contact me.

Sincerely,

Total Transportation Services LLC
